REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Harrisville:

I herein submit my seventh annual report as superintendent of schools.

As we face the rapidly changing conditions of vocational, business and spiritual life, we ask ourselves what is this thing we call education? We might fill this report with definitions which emphasize certain phases of education. A century ago men thought of education as a means of preserving the past. Now, we think of education as a means of improving the future. Our real gain to civilization is found in the improvement of man himself.

Of the many modern viewpoints of education, Dr. John Dewey has hit the trail when he says in his book entitled *Democracy and Education*: "Education may be defined as a process of the continuous reconstruction of experience, with the purpose of widening and deepening the social content, while at the same time the individual gains control of the methods involved."

New Hampshire is carrying out this interpretation in its philosophy of education; (1) through its fundamental law that every child shall be offered an opportunity to have whatever talents he may possess brought to the fullest possible development, whether he lives in the city or country; (2) the child and his interests become the center of all our efforts, selection of text books, technique of methods, courses of study and selection of teachers. In fact, the child becomes the sun about which the appliances of education revolve, the center about which they are organized.

In the development of our educational scheme, we use certain methods and have certain goals. We must not confuse the

two. A method is but a means to an end. Any method that gets the desired results in an economical unit of time is a good method. Methods come and go. Goals are more lasting. They endure for centuries.

Important goals of our public school system are: (1) the acquisition of facts or universal truths through scientific reasoning, (2) the development of the skills in the elementary schools, (3) the formation of right habits of life, (4) the endowment of right attitudes toward school work, home life, church interests and community affairs.

In short, considered from a psychological view point, we wish our children to possess alert mental abilities, rich feelings and righteous judgments.

Your superintendent, teachers and school board have kept in mind the above mentioned goals in the performance of their respective duties. The degree of success we have attained, we leave to your judgment.

PROMOTIONS

The following promotions per grade were made in June:

Grades:	I	II	III	IV	V	VI	VII	VIII
East No. 1,		1	1	4	2		1	4
Center No. 2,	1	1	1	3		4	1	1
Fifield No. 3,				1	1		3	1
	—	—	—	—	—	—	—	—
Totals,	1	2	2	8	3	4	5	6

These promotions were made on the five point basis, viz.: term rank, regularity of attendance, standard tests, judgment of teacher and judgment of superintendent.

TEACHERS FOR YEAR ENDING JUNE 30, 1929

East No. 1, Mrs. Freda M. Hastings; Center No. 2, Phyllis B. Specht; Fifield No. 3, Josephine M. Pinska, Pia Magnani, Elsa Ryan, Violette Boudreau.

The schools made good progress throughout the year. At the Fifield, the young teachers sent out by the Normal school gave general satisfaction.

Miss Farnum, the critic teacher, rendered valuable aid in helping these teachers to plan and organize their work.

In June, the following pupils were promoted from the eighth grade in the Sullivan schools:

Hugh Batchelder, Ralph Batchelder, Martha Batchelder, Edna McMahon, Malissa Nims and Maurice Swett.

At the East, No. 1, an interesting graduating exercise was held. The parts were well rendered by the pupils and reflected merit on part of teacher and pupils.

At the beginning of the present year in September, Mrs. Hastings continued her work at the East; Miss Marion Farnum, of Marlboro, a graduate of Keene Normal, class of 1928, replaced Miss Specht at the Center. The Fifield continued under the cadet system.

At Thanksgiving time, Mrs. Hastings resigned her position. Mrs. Hastings has served as teacher of this school several years with general satisfaction. We were sorry to learn that it was necessary for her to give up the school at this time.

Miss Margaret Estes, of Manchester, a graduate of Keene Normal, class 1929, was secured for this position.

At time of writing, the schools are running smoothly, the attendance regular, the attitude and interest of pupils encouraging, the work of teachers and pupils give promise for a successful year.

HEALTH ACTIVITIES

The school nurse, Ellen P. Clough, examined 30 pupils in the month of May and found the following number of defects:

Underweights,	6
Defective vision,	6
Defective hearing,	1
Defective teeth,	22

Diseased tonsils,	9
Enlarged glands,	2
Pupils receiving treatment since last year:	
Teeth,	7
Number of defects corrected since last report:	
Teeth,	4
Protection against communicable disease:	
Number vaccinated,	27

Marian K. Warner R. N. who is serving as school nurse for the present year is doing excellent work.

In conclusion, I wish to thank the school board, teachers, parents and citizens for their co-operation and support.

Respectfully submitted,

FREDERICK T. JOHNSON,

Superintendent of Schools.
